Equity, Diversity, & Inclusion [EDI]

TRAINING INSTITUTE

Join CommonHealth ACTION for a two-day training that will develop your knowledge and skills to apply equity, diversity, and inclusion, professionally and personally. Participants in the training will leave prepared to decide and act more equitably through policies, programs, and practices. Training modules include: common language, historical context, racism & implicit bias, privilege & oppression, equity lens, and policy.

March 17 – 18, 2016

CommonHealth ACTION

1301 Connecticut Avenue, NW, Suite 200

EDI2016](http://www.chameetings.org/EDI2016)

There are a **limited number of spaces available** for this training. We will accept registrants until the training is full or until March 14. Visit the registration site to view our cancellation policy.

Continuing Education: This training will provide up to twelve (12) hours of instruction that may be applied towards continuing education units (CEUs). You must complete both full days to receive a certificate of completion.

HEAR FROM A PAST ATTENDEE...

“Through the EDI Training Institute, CommonHealth ACTION has created a space for meaningful dialogue to be had around equity, diversity and inclusion. The facilitators did an excellent job of context setting and fostering an environment where participants can be vulnerable and learn. I walked away with new language and approaches that will further my work in creating an inclusive and diverse workforce in the social sector.”

*-Dionne Galloway, Director
of Leadership Development
Programs, ProInspire*
